Prince Alfred College and Wilderness School, Adelaide, South Australia - working together to educate tomorrow’s leaders, today.

Prince Alfred College and Wilderness School share a common commitment to high quality education for boys and girls in single sex schools from Reception to Year 12. Both schools recognise that international students, new to Australia, benefit from working in co-educational environments as they transition into the Australian education system.

The International Students Transition Program, centrally located at Prince Alfred College’s campus in Kent Town, enables students to seamlessly navigate the cultural differences they will encounter and to acquire the language skills needed for successful participation in their academic programs.
